Complaint on Photovoltaic Panel Quality Dispute

The solar panel dispute is by far the biggest trade controversy between the EU and China. Under the Climate and Energy Package the EU became the largest market for solar panel products, reflecting growing demand for renewable energy. China, meanwhile, has surpassed the EU as the largest solar panel manufacturer in the world.

Just like finding a good contractor, finding truthful solar panel companies could be difficult, even in today's age of internet resources. Though solar panels have their pros and cons, the negatives can heavily outweigh the good.

Florida Solar Panel lawsuits are getting more and more common. "Solar Panels are free!" During a Solar Panel lawsuit, I'm finding that generally there is no up-front cost for the homeowner for the installation of the solar panels; however, there is generally a surprise bill that the homeowner receives 2 to 3 months later.
