

What is the rank of energy storage?

The overall rank of Energy Storage is 12860. According to SCImago Journal Rank (SJR), this journal is ranked 0.406. SCImago Journal Rank is an indicator, which measures the scientific influence of journals. It considers the number of citations received by a journal and the importance of the journals from where these citations come.

How is energy storage materials ranked?

The overall rank of Energy Storage Materials is 253. According to SCImago Journal Rank (SJR), this journal is ranked 5.374. SCImago Journal Rank is an indicator, which measures the scientific influence of journals. It considers the number of citations received by a journal and the importance of the journals from where these citations come.

What is the rank of Journal of energy storage?

The overall rank of Journal of Energy Storage is 2024. According to SCImago Journal Rank (SJR), this journal is ranked 1.595. SCImago Journal Rank is an indicator, which measures the scientific influence of journals. It considers the number of citations received by a journal and the importance of the journals from where these citations come.

What is the energy storage SJR (SCImago Journal Rank)?

The Energy Storage has an SJR (SCImago Journal Rank) of 0.406, according to the latest data. It is computed in the year 2024. In the past 5 years, this journal has recorded a range of SJR, with the highest being 0.406 in 2023 and the lowest being in 2021.

What is the impact if of Journal of energy storage?

Journal of Energy Storage latest impact IF is 9.64. It's evaluated in the year 2023. The highest and the lowest impact IF or impact score of this journal are 9.94 (2022) and 0.00 (2015), respectively, in the last 9 years. Moreover, its average IS is 5.68 in the previous 9 years.

What is the SJR of the Journal of energy storage?

The Journal of Energy Storage has an SJR (SCImago Journal Rank) of 1.595, according to the latest data. It is computed in the year 2024. In the past 9 years, this journal has recorded a range of SJR, with the highest being 1.595 in 2023 and the lowest being in 2015.

Energy Storage and Applications is an international, peer-reviewed, open access journal on energy storage technologies and their applications, published quarterly online by MDPI. Open Access -- free for readers, with article processing charges (APC) ...

Based on the Scopus data, the SCImago Journal Rank (SJR) of journal of energy storage is 1.456. Also, please

check the following important details about journal of energy storage: ...

A market segment that Guidehouse has predicted will be worth US\$188 billion by 2029, driven largely by the need to maintain stability of the grid while adding ever-greater shares of solar and wind, utility-scale energy storage has in just the past couple of years become a "key component" of planning efforts for power systems and no longer considered too ...
