Tanks/Healers. Key Stats: DEF and HP. No surprises in what Tanks and Healers want as their primary stats on the surface, but under the hood HP and DEF are even more important to these characters" builds. In Genshin Impact, Tanks and Healers skill effects actually scale off HP and DEF. While which stat is the focus varies (Noelle for example ...

There are three Energy Devices (blue "lamps")--one on the left, one in front, and one on the right. You must first pick up the Energy Device on the left, which is hidden behind a Geode. As soon as you pick up the Energy Device, the timer will start, and you need to find the corresponding terminal within the time limit.

everyone is so obsessed with so-and-so game becoming popular and being the "genshin killer," it's a little sad. if you're a genshin player and you're waiting for a "genshin killer," stop wasting your time and play a different game; if you're not a genshin player and you're waiting for a "genshin killer," i hate to be the bearer of bad news but that'll never happen. genshin continues to grow ...
