

How to use the photovoltaic gusset artifact

Do I need a Genshin Impact artifact guide?

Using a Genshin Impact artifact guide is beneficial as the stats for every artifact are randomized. Even if you obtain the set-piece you desire, you're still at the mercy of the RNG gods for the appropriate stats. So, embrace the grind.

How do I use the artifact transmuter?

You can open the interface for the gadget by going into your inventory and selecting "Use" directly. The Artifact Transmuter has two parts: Artifact Definition and Artifact Extraction. Making your Artifact in Genshin Impact You can do this in the Artifact Transmuter gadget's Artifact Definition tab. Defining Artifacts has a cost and limit.

How do artifacts work in RPGs?

Artifacts also slot into 'sets', which can only mean one thing in finest RPG tradition: set bonuses. Bringing together multiple artifacts from the same set can maximize the bonuses and gains each offers. Finally, artifacts can level up - and exactly how high they can level up is determined by their rarity, which is rated from one to five stars.

Does Xingqiu have a 2 piece artifact set?

o Xingqiu with a 2-piece set would boost his ability to make Elemental Reactions via Elemental Mastery. This allows flexibility in choosing another 2-piece artifact set. o Xiangling with a 4-piece set effect would strengthen her Elemental Mastery by +200 especially when she uses her Elemental Skill.

What happens if you deactivate a gusset?

If you try to deactivate a Gusset while the extra capacity is being used by a Habitats, the game will give you a "Cannot Be Removed" message. However, you can still deactivate the Gusset as long as the extra capacity is not in use by any Habitats.

What is a goblet artifact?

Goblet of Enotherm: The goblet artifact can bestow bonuses to HP, Attack, Defense, Elemental Mastery or add bonus Elemental or Physical Damage - depending on how it grows. Circlet of Logos: The circlet/head artifact can impact your HP, Attack, Defense, Elemental Mastery, Critical Rate, Critical Damage, or give you a Healing Bonus.

Lock any viable Artifact to prevent accidentally using them for the exchange: 3: Use the rest for Mystic Offering for a desired Artifact available in the system: 4: Check stats of Artifacts you got from the exchange: 5: Lock the Artifacts with good Main & Sub-stats, then use the rest again for Mystic Offering

There is a nice little tutorial video by TenTen which will guide you in using the artifact optimizer and help you optimize the artifacts for your characters. You can let the program do all the work by letting it capture all your artifacts automatically. You need to add your weapons and characters manually though.

The number of sub-stats an artifact can obtain is dependent on the artifact's rarity as the higher the rarity, the more substats it will have. Every four upgrades an artifact receives, a substat will be upgraded; however, the first four level ups will add a new sub-stat. The consensus is the better the artifact is determined by its ranking or tier.

If you have a Gusset equipped and craft another Gusset of a higher tier, the higher tier one will automatically replace the current Gusset.
