Self Storage Manufacturing Company BETCO Inc . View our NEW video showing aerial views of our facility and other BETCO-manufactured storage facilities as well as views from inside our manufacturing plant ...

We estimate that by 2040, LDES deployment could result in the avoidance of 1.5 to 2.3 gigatons of CO₂ equivalent per year, or around 10 to 15 percent of today's power sector emissions. In the United States alone, LDES could reduce the overall cost of achieving a fully decarbonized power system by around \$35 billion annually by 2040.
