

Outdoor light chain atmosphere light solar power panel

What are the different types of solar powered lighting products?

Our range of solar lighting products include smaller fairy lights and outdoor string lights, stake lights, lampposts and even novelty themed lights. So, if you 're looking for a subtle twinkle, or need to illuminate a pathway, then we will have the perfect solar powered lighting solution for you.

Why do you need a light chain?

Light chains are perfect when you want to create a nice atmosphere. Easy to match with other lamps in the SOLVINDEN series in order to spread cosiness and light on the balcony,terrace or in the garden. Solar cells transform sunlight into energy - requires no electrical connections.

How does a solar light chain work?

The individual lights on a solar light chain are connected via a single cable. The solar panel is placed at the end of the cable, supplying the entire chain with energy. With most solar light chains, the solar panel can be placed independently off the chain. Therefore, alignment to the south (the sunniest direction) is easy.

How does a solar-powered lamp work?

Easy to match with other lamps in the SOLVINDEN series in order to spread cosiness and light on the balcony,terrace or in the garden. Solar cells transform sunlight into energy - requires no electrical connections. The solar-powered lamp charges during the day and automatically turns on when it gets dark.

Why do solar light chains need to be protected?

Solar light chains store the most energy in summer, but even in the better months, there can sometimes be days or weeks of bad weather. For this reason, solar light chains must be protected from rain and foreign bodies - such as small insects. This is explained by the IP protection class rating.

What are solar path lights & spotlights?

Our staked solar path lights and spotlights are a great way to create pathways as an alternative to steps and stairs, helping you get around your garden at night with ease. They're just the thing to welcome guests arriving to your home in the evening - and they'll save you from having to fumble about in the dark for your door keys.
