We love our kitchen cabinets and our bar from Sunshine Custom Design Cabinets! We feel so lucky to have found them. Fanny and her team made everything so easy for us. She is amazing at design and has really great suggestions when its hard to decide what direction to go regarding colors, textures and heights. The craftsmanship is top notch.

By using the phase change material as thermal energy storage material final moisture measure is 12.5 % from the initial 80 %. And in another case without using the energy storage material final moisture measured is 14 % from the initial 80 % moisture. This indicates the efficiency of the solar dryer is 3 % higher with energy storage material.
