As with any procedure the indication for a pulse generator replacement should be confirmed prior to starting and the device fully assessed. It is important to assess the leads as the presence of a lead defect may convert a "simple box change" into a revision with an additional lead or consideration of a lead extraction. As well as the lead ...

You will need the followings tools to replace the gas tank: 10 mm wrench or socket, socket wrench with a 12 mm socket, 14 mm wrench, Phillips screwdriver, and pliers. Remove the Tank . On the recoil end of the generator, remove the end bar held in place by two 10 mm bolts. Loosen the wire retaining clip on the fuel line and remove the fuel line ...

The Ra-Seru heroes returned to the present, and destroyed the mist generator in Jette's Absolute Fortress by defeating Cort, to whom the Mist Generator's existence was somehow bound. This, however, deprived the giant Sim-Seru engulfing Conkram of the mist it needed to survive and it died, destroying the entire town, and killing Nebular and Minea.
