I have a spreadsheet consuming my power usage from solar, and power sold from solar, and it tracks payback at about 9.5 years. People who build smaller systems here or buy cheaper equipment usually get a shorter payback. If there is no way to sell power back to the grid, or no net metering, I think it would be very hard to get a good return period.

All the comforts of home combined with solar power, battery backup, and rugged materials to create a truly unique experience. Learn More 916-831-8920 Ioniq is dedicated to creating an affordable green future by providing custom mobile workspaces powered by clean energy.
