

Solar panel DIY outdoor tutorial

How do I plan a DIY solar system?

Take a deep breath, it's time to plan your DIY solar system. What do you need electricity for? The first step to any DIY solar panel installation is calculating your electricity demand. For grid-tie home solar panels, take a look at your electricity bills. You can design your system to meet your average monthly kilowatt hour consumption.

What is a DIY solar system guide?

A DIY solar system guide that teaches you everything from basic electrical rules to sizing your solar panels.

How do I choose a home solar panel system?

For grid-tie home solar panels, take a look at your electricity bills. You can design your system to meet your average monthly kilowatt hour consumption. If you are building an off-grid diy solar panel system for your cabin, boat, van, or RV solar panels, feel free to use our off grid solar load calculator.

Can a DIY solar system be installed on a roof?

A DIY solar system can be installed on almost any type of roof. However, some roof types require much more effort than others, resulting in extra costs. For example, it is very hard to install solar panels on a regular wood-shingled rooftop.

How do I install a solar panel?

Ensure all hardware is weather-resistant and capable of supporting the panel's weight. Position the panel at an optimal angle for your geographic location to maximize solar absorption. In general, panels should face true south in the Northern Hemisphere and true north in the Southern Hemisphere. Attach the panel securely to the mounting hardware.

How do I choose a battery for a DIY solar panel?

Choosing the capacity for your battery is largely up to your budget, so for this basic DIY solar panel installation, we recommend a 12V solar panel 100 Amp hour (Ahr) battery. For any battery-backed DIY solar panel system, choosing a PWM charge controller, rather than a MPPT, will be less efficient, but more cost effective.

Gathering the right items ensures your DIY lighthouse isn't just functional but also a visual delight.
