The 80G StorMaxx(TM) ETEC Solar Storage Tank is the perfect solution for your solar hot water needs. With a capacity of 80 gallons, this tank is designed to provide you with reliable, efficient, and cost-effective hot water. The 2HX model is equipped with an advanced ETEC system that ensures maximum performance and efficiency. Get the most out of your solar hot water ...

SPP HydroFlex Solar Tanks. The SPP-HydroFlex solar water tanks are designed for solar thermal applications. These solar storage tanks are designed to be extremely lightweight and durable, and feature simple and easy installation. These solar tanks range in size from 100 to 5,000 gallons, and are crated to fit through a standard door opening.

Vaughn's hot water storage tanks are an ideal solution to hot water shortages. Vaughn's Aqua Booster, for instance, combines high efficiency CFC-free polyurethane foam insulation with our HydraStone lined tank to provide an easy, economical solution to any hot water shortage. This is particularly true in configurations where existing boilers may lack the capacity to meet heavy ...

Solar water heating systems need a storage tank to keep water heated by the collector. Storage tanks are also used for liquid-based solar space heating systems. Photo Credit: Department of Climate Change and Energy Efficiency of Australia Cold water from the bottom of the tank is pumped to the solar collector. After passing through the collector, the hot water ...

You can buy SolarStor tanks in three sizes; 50gallon, 80 gallon and 120 gallon solar tanks. The reason for the difference in price between the "modified" regular solar tanks and "proper" solar water tanks is often not obvious to most people. 80 gallons is 80 gallons, but the quality of the internal parts of the tank can vary enormously.

For all your Fiberglass water storage tank needs fiberglass stock tanks. P.O. Box 31628, Amarillo, TX 79120, US (806) 335-2351 or (800) 487-4834 (806) 335-2351 or (800) 487-4834. Home; About Us; Services; PRODUCTS. Agriculture; Petroleum and Oil; ... Photo Gallery. Fiberglass Tank Battery System.

Available in 80 and 119-gallon capacities, the SU series provides storage for the hot water produced by the solar collectors and a supplementary electric heating element that maintains consistent water temperature during periods when solar energy is not sufficient. Available with the industry standard 6/6 Year Limited Tank and Parts Warranty.
