

Stolen solar panels

There are now 1.5 million solar panels on homes across the UK. As well as saving you money on energy bills, solar panels can earn you cash. And don't worry, they can still generate electricity on gloomy days, vital when the weather's as dull as dishwater. But they cost an average of £7,000, so you ...

Solar panels worth about £10,500 were stolen from an energy farm, police said. Northamptonshire Police said thieves cut a gate at Chelveston Renewable Energy Park at Chelveston Airfield in ...

The number of reported stolen solar panels was extremely high years back when solar panels were just introduced, and the prices were high. Today, while the prices have dropped, the U.S. still records cases of solar panel theft. Solar panels are not cheap, and like the fate of other expensive items, solar panels are vulnerable to theft.

Unfortunately, what should be a virtuous initiative is giving rise to a new crime wave, with police data showing a staggering 48% rise in solar panel and cabling theft from 2021 to 2022. By way of example, in August, ...

A rise in solar crime means eco-conscious homeowners and farmers who have diversified into renewables should check their security and insurance. The warning comes after police figures revealed a 48 per cent rise ...

Scottish Power installs solar panels and batteries throughout Great Britain. Solar panels cost from £4,972 for a 4-panel package, while batteries start from £3,057 if installed along with solar panels. Customers who installed their solar panels and/or battery through Scottish Power can take advantage of the SmartGen+ export tariff, paying 15p ...
