

Three-in-one solar power lamp for home use

The X4S series is PBOX's first all-in-one solar street light with a frameless design. It is a solar lighting system that integrates a high conversion rate double-sided solar panel with a high luminous efficiency LED module (Cree or Osram LED chip), an intelligent battery management system and a high efficiency controller.

Embrace flexibility in outdoor lighting with our Solar 3-in-1 Lamp Post. This innovative lighting solution adapts to your needs, functioning seamlessly as a wall light, pathway light, or a traditional post light.

Solar panels can produce power even on cloudy days. In fact, even if it's snowing or hailing, as long as there's some light, your solar panels can generate electricity! That being said, it's true that your solar panels will reach maximum efficiency during peak sunshine hours. There are ways to make your solar panels even more effective.

Solar Safety, Access Point & Stair Lighting; Remote Solar Power Systems; Solar Panels, Batteries and Charge Controllers; Accessories & Hardware; Solar Bulkhead Lights; Spare Parts; Gallery. ...
