Transsion Is committed to becoming the most popular provider of smart devices and mobile services for consumers in global emerging markets. More. Mission To improve the lives of as many people as possible through technology and innovation. More. Business. Mobile Phone.

TRANSSION Holdings is committed to becoming the most popular provider of smart devices and mobile services for consumers in global emerging markets. The company is best known for its high-quality multi-brand smart devices. Mobile phones are its core products, while it also offers mobile Internet services based on a self-developed operating system.

The firm, named Transsion Holdings (formerly called Tecno Telecoms), an unknown in its home country, sought a market in Africa as competition in China was intense. To fill the gap left by the bigger established brands, Transsion produced low-priced phones for the bottom-end market in 3 brands: Tecno, Itel, and later, Infinix.
