What's new in WeChat 8.0?

Get ready for your chats to get a whole lot more explosive. WeChat's new version 8.0 comes with a long-awaited update to the app's signature emojis. Now when you send someone an emoji (from the built-in selection that comes with WeChat), it animates when sending, so that [Puke]emoji actually pukes when it pops up in the chat.

How do I set a personal status on WeChat?

Prepare your favorite emo song lyrics, because now WeChat lets you set a personal status on your profile page. After you receive the app update, go to "Me" in the bottom and you'll see a box marked "Status" beneath your name and profile picture.

How many floating windows can you have on WeChat?

Just be sure you don't choose "slackin'" if you're friends with your boss on WeChat. In probably the least exciting news among the new updates, there is now no limit to the number of floating windows you can have on the go at any one time.
