Jiangsu Wuyang Automation Control Technology Co Ltd, formerly Jiangsu Wuyang Parking Industry Group Co Ltd, is a China-based company principally engaged in the research and development, design, production and sale of bulk materials handling devices and related equipment.

The transportation sector, as a significant end user of energy, is facing immense challenges related to energy consumption and carbon dioxide (CO₂) emissions (IEA, 2019). To address this challenge, the large-scale deployment of all available clean energy technologies, such as solar photovoltaics (PVs), electric vehicles (EVs), and energy-efficient retrofits, is ...

In the past few decades, electricity production depended on fossil fuels due to their reliability and efficiency [1]. Fossil fuels have many effects on the environment and directly affect the economy as their prices increase continuously due to their consumption which is assumed to double in 2050 and three times by 2100 [6]. Fig. 1 shows the current global ...
