Yingli Solar P-29b 235 Watt Solar Panel Module is a vertically integrated manufacturer of solar photovoltaic modules. Under one roof we manufacture our ingots, wafers, cells and modules. This ensures that we can tightly control our material and production quality, offering our customers leading product durability and sustainable performance backed by our 25 year limited power ...

In the solar world, panel efficiency has traditionally been the factor most manufacturers strived to lead. However, over the last 3 to 4 years, a new battle emerged to develop the world's most powerful solar panel, with many of the industry's biggest players announcing larger format next-generation panels with power ratings well above 600W.
